"For me personally, your Conference, was the "boost in the arm" that I needed as we are less than two weeks from our largest event of the year. It is good to be reminded as to why we are doing what we are doing. It is good to be able to serve and make a difference even if it is just to one person."

"I wanted to send you a quick note to thank you and your staff for a wonderful conference in NJ!!!! This Conference was one of the best, most informative conferences I have attended in a VERY, VERY long time. The sessions had tons of great, applicable information without all the formality and intimidating "fluff" that usually accompanies professional events. However, things were well organized and professional. The speakers were approachable and friendly. The breakfast, lunch and snacks (especially the breakfast) was absolutely amazing!

You and your staff did a GREAT job and everything was so affordable I'm going to tell all my colleagues what a fantastic opportunity this was. Thanks for coming to NJ!"

Just want to say how much I enjoyed the conference. It was a great experience on so many levels; meeting other np managers, talking to people with so many different experiences and backgrounds; I came away with a terrific to-do list that will help me to really energize my agency and my board. Thank you for all you and your organization have done for the attendees.

Marcy Bosequett

Thank you for a really worthwhile conference. I did not realize how important the networking can be. Giving us the opportunity to actually spend some free time with our peers was very important. Usually these conferences are just back to back non stop 'stuff', yours was more informal and made for a more relaxed atmosphere in which to learn.
